SCOPE OF SERVICES

The Mississippi Department of Employment Security (hereinafter MDES), in collaboration with the Office of Workforce Development (hereinafter AccelerateMS), requests proposals for services to provide a Third-Party Administrative Project Management Office (hereinafter PMO) for MDES.

Specific Services to be Provided:

1. Ensure compliance and adherence to all United States Department of the Treasury Regulations and Program Requirements related to the American Rescue Plan Act (hereinafter ARPA), through a review and understanding of ARPA program compliance issues, public laws which represent the appropriation of federal ARPA dollars, as well as applicable state laws and regulation

2. PMO support for projects outlined in House Bill 1517, passed by the Mississippi Legislature during the 2022 regular session to support workforce development activities in the areas of healthcare, emerging sectors, logistics and supply chain, and specific populations, health sciences training infrastructure, and career coaching; and for similar workforce development bills related to workforce development, and for related purposes

3. Assess the capabilities of prospective contractors/subgrantees, prior to distribution of ARPA funding, to ensure the ability to meet national objectives. Perform steps to identify specific, logical connections to a national objective for each activity including steps to verify the eligibility of proposed activities as well as steps to evaluate the prospective contractor/subgrantee’s overall organizational capacity

4. Prepare unique agreements written in sufficient detail to provide a sound basis for the grantee to effectively monitor performance under the agreement for each contractor/subgrantee that is a concise statement of the relationship and the conditions under which funds are provided

Each agreement will include:

- A description of the work to be performed
- A schedule for completing the work and a budget
- A statement of the intent of the grant, key information, general provisions, scope of work, program requirements, performance indicators and benchmarks, documentation for pre-award, post-award actions such as payment, documentation and end-of-award activities, closeout, audit, and continuing responsibilities

Each agreement will specify the particular records the contractor/subgrantee must maintain and the particular reports the contractor/subgrantee must submit in order to assist the grantee in meeting its recordkeeping and reporting requirements

5. Conduct periodic training for contractors/subgrantees on compliance issues and local administrative practices
6. Ensure that all contractors/subgrantees comply with all regulations governing their administrative, financial, and programmatic operations and achieve their performance objectives on schedule and within budget.

7. Provide support of MDES’s management system that involves an ongoing process of planning, implementation, communication, and follow-up. The objectives for programmatic/contractual oversight and monitoring will be:
   - To determine if a contractor/subgrantee is carrying out its program as described in its contract or subgrantee agreement
   - To determine if a contractor/subgrantee is carrying out its scope of work in a timely manner
   - To determine if a contractor/subgrantee is conducting the project with adequate control over program and financial performance and in a way that minimizes the opportunity for fraud, waste, and abuse

   - An internal financial management team will collect, scan, and then review for completeness, compliance and accuracy all pay request documents
   - Because of the requirements of the Office of Management and Budget (OMB), draw down timing management is a key component of the distribution oversight which includes significant penalties imposed on grantees when federal funds remain undistributed longer than the regulations allow
• Avoid any loss of funding by implementing a monitoring system that tracks the time lapse between draw down and disbursement and warn the program manager of any potential issues

c. **Termination of Stopped Work:** If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.

12. **Termination for Convenience.**

a. **Termination.** The Agency Head or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Agency Head or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective.

b. **Contractor's Obligations.** Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Agency Head or designee may direct Contractor to assign Contractor’s right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.
13. **Termination for Default.**

a. **Default.** If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Agency Head or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Agency Head or designee, such officer may terminate Contractor’s right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

b. **Contractor’s Duties.** Notwithstanding termination of the contract and subject to any directions from the Chief Procurement Officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.

c. **Compensation.** Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the Agency Head or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

d. **Excuse for Nonperformance or Delayed Performance.** Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Agency Head or designee within fifteen (15) days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the Agency Head or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor’s progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled (in fixed-price contracts, “Termination for Convenience,” in cost-reimbursement contracts, “Termination”). (As used in this Paragraph of this clause, the term “subcontractor” means subcontractor at any tier).

e. **Erroneous Termination for Default.** If, after notice of termination of Contractor’s right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and
obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

f.  Additional Rights and Remedies. The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

14. Termination Upon Bankruptcy. This contract may be terminated in whole or in part by Agency upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors. In the event of such termination, Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

15. Trade Secrets, Commercial and Financial Information. It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.

16. Transparency. This contract, including any accompanying exhibits, attachments, and appendices, is subject to the “Mississippi Public Records Act of 1983,” and its exceptions. See Mississippi Code Annotated §§ 25-61-1 et seq. and Mississippi Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 et seq. Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration’s independent agency contract website for public access at http://www.transparency.mississippi.gov. Information identified by Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted.
